

Illuminate dangerous gates and chains with pre-assembled safety reflectors.

REFLECTORS

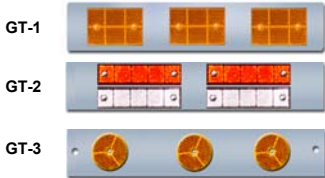

Pre-installed safety reflectors on aluminum, plastic and fiber board supports are ideal for marking gates, fences, chains and poles. US Reflector offers factory installed reflective device supports that are ready for application. Enhance dangerous entrances instantly with prismatic or glass bead reflectors in a choice of standard colors.

Illuminate dangerous invisible chains with Chain Guard™ tubular mount reflectors and supports.

Reflectors are assembled with all plastic materials eliminating rust and corrosion, guaranteeing maintenance free installations.

GATES AND CHAINS

REFLECTORS FOR GATES

Size: 22" x 3.5"

Multi-use gate and chain reflectors are available with aluminum, plastic or fiber board supports for all applications.

Available in single or double sided units

Day

Night

Before installation

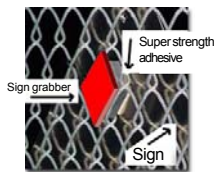

After installation

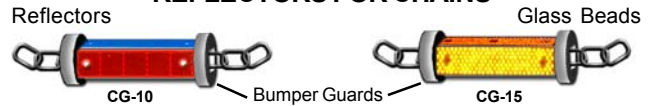

SIGN GRABBER

Designed to instantly affix any sign or reflective panel to a chain link fence. No screws or adhesive are required.

THEFT PROOF

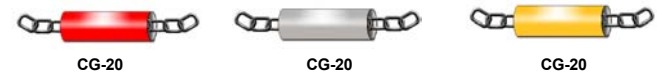

REFLECTORS FOR CHAINS

Universal Chain Guard reflectors with nylon protective end bumpers permanently identify chains up to 2 1/4" in thickness. Heavy duty aluminum support guarantees strength and durability. Two pin locking system for specific positioning. Assembled with all plastic components, eliminating rust and corrosion. Ideal in all marine applications.

Reflectors can be interchanged and color coded for designated areas. Chains over 2 1/4", require custom manufacturing.

INSTALLATION: Unlink chain, slide into position and lock into place with the link locks.

Tubular Chain Guards with Diamond Grade reflective film.

PVC Chain Guards offer economical safety enhancement for all chains.

CUSTOM MANUFACTURING

US Reflector offers several choices of styles and mounting hardware for multiple applications. Eliminate the guess work, call or e-mail us with your application. Chances are it may already be available.

Your safety concerns are our priority. No matter what quantity may be required, US REFLECTOR will produce a custom designed safety device of one (1) or more pieces to fulfill your safety enhancement projects.

Prevent an accident, install a Chain Guard today.

Installs

Signs, reflectors and any other material that must be affixed to a chain link fence.

Installation

Peel off adhesive liner, insert through fence link, attach panel.
