

Pre-assembled reflectors on a PVC semi flexible post for greater visibility.

REFLECTORS

Reflectors and green PVC supports render areas safe and are aesthetically sensitive. Reflectors are available in white, amber, yellow, orange, red, green and blue. Markers will not rust, crack, chip or fade. They are assembled with plastic rivets thereby eliminating sharp edges.

Plastic PVC post fits into its own plastic base support offering instant removal and replacement. This greatly facilitates ground maintenance. Reflectors, PVC support and base provide a clean, professional, quick and effective installation.

BREAKAWAY

SINGLE
Post height 47
1 Reflector

SECTION 18 X 18 mm

SUPER IMPOSED
Post height 50 inches
2 Reflectors

SECTION 18 X 18 mm
