

## REFLECTIVE PAINT

### SPHERE BRITE™ Reflective glass sphere bead delivery system.

Sphere Brite **Night vision** reflective spray can be applied on any surface to create a bright reflective finish. Sphere Brite's aluminized micro glass spheres resist ultra violet rays and outside aggressions providing long term reflective characteristics. **How does it work?** A special acrylic paint mixture is used to maintain the spheres in suspension. This mixture allows the aluminized spheres to adhere to most any surface providing surface protection while creating a reflective surface. Sphere Brite is a precision micro bead delivery system that can be applied to metal, concrete, asphalt, wood, rock and some plastics. Revolutionary retro-reflective paint is available in liquid form or aerosol spray for reflecting all types of surface. **Retroreflection increases visibility, which in turn, increases safety.**

# REFLECTORS

### AEROSOL SPRAY 12 oz

ITEM #  
SBA-12

Micro sphere technology with colored acrylic lacquer can be sprayed on virtually any smooth or porous surface for effective nighttime illumination. Instantly illuminate any surface with a light coat of spray mist. One (1) 12 ounce aerosol can covers approximately 18 square feet.

**SPHERE BRITE™** reflects light with ultimate optical efficiency even under wet conditions.

### LIQUID 1 Gallon 5 gallon 55 gallon

ITEM #  
SBL-1

ITEM #  
SBL-5

ITEM #  
SBL-55

**SPHERE BRITE** reflective paint is available in 1 gallon, 5 gallon and 55 gallon containers to accommodate any safety enhancement project quickly and effectively.

**SPHERE BRITE** dries in minutes providing a durable reflective surface that will last for years.

**SPHERE BRITE** can be used for illuminating entrance curbs, signs, sign posts, buildings, security lines, trees, vehicles, boats, docks and graphic designs. Templates may be used for creating reflective squares and numbers or by inverting the stencil allowing for cost effective safety solutions.

### AVAILABLE COLORS

Light grey, charcoal, green, blue and maroon.

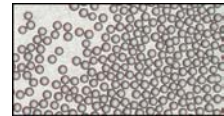

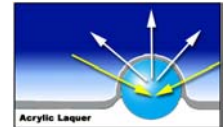

### USE ON

Metal, rock, asphalt, wood, plastics, glass and cement. Surface should be clean and free of oil and dirt. Do not over spray.

### MICRO PRISM OPTICAL REFLECTIVE BEADS

Glass beads are manufactured to receive and project light rays permitting a beam of light to be returned to its source with immense clarity.

The micro glass bead elements are imbedded in a pigmented binder which secures the bead to the painted surface. The aluminized encapsulated spheres provide an effective optical reflex system which is highly visible at night. Glass spheres resist ultra violet rays and are impervious to static buildup, thereby allowing the bead to perform efficiently without deterioration unless subjected to severe wear factors. Sphere Brite reflective paint can be applied annually for continued performance.

### ILLUMINATE FEATURES

Chains  
Signs  
Curbs  
Trees  
Poles  
Vehicles

- Reflectorizes surfaces in seconds
- Dries in minutes
- Available in five colors
- Simple easy to use

### SURE SHOT Advanced spray systems

Sure Shot rechargeable atomizer sprayers economically spray Sphere Brite with compressed air as the propellant.

Easy to use as an aerosol can... just point and spray. Never "run out of air". If you run out of product or want to change liquids, just depressurize, refill, close and recharge with air. It's that simple.

Available in 12 oz and 32 oz containers.

### SPHERE BRITE™

ITEM #	QTY	AVAILABLE COLORS					Price
SBA-12	12 oz	Lt. Grey	Charcoal	Green	Blue	Maroon	\$ 30.00
SBL-1	1 Gallon	-LTG	-CRL	-G	-B	-M	\$275.00
SBL-5	5 Gallon						\$975.00
SBL-55	55 Gallon						\$10,365.00

### SURE SHOT

ITEM #	AVAILABLE COLORS	Price
SH-8000PL -16A	16 oz. Aluminum sprayer w/plastic top and nozzle assortment	\$ 35.50
SH-1000 -32PC	32 oz. Powder coated Steel with / 707 nozzle and Relief valve	\$ 46.75
SH-1100 -32NP	32 oz. Nickel Plated steel w/707 nozzle and relief valve	\$ 57.90
SH-7700-32BCP	32 oz. Brass, chrome plated sprayer w/707 nozzle and relief valve	\$ 71.50
SH-707	Spray nozzle (Extra. extra fine) Includes #108 washer.	\$ 16.00

Do not use steel containers for water base liquids, please choose aluminum or brass. Sphere Brite liquids function with both brass and steel containers.
